

# Rittal – The System.

Faster – better – everywhere.

JULY 2025  
ISSUE VII

JULY INDUSTRY SPOTLIGHT

## Monthly Newsletter

### Smart Enclosures Smarter Cooling Maximum Reliability

Engineered for today's industrial challenges, Rittal's modular enclosures and advanced cooling systems deliver unmatched protection, efficiency, and flexibility across demanding environments.

Whether you're managing heat-intensive processes in power distribution or securing automation panels against tropical humidity, our enclosures are designed to protect your operations and extend system longevity.

### In this newsletter:

Latest product, featured RITTAL product, promotions, partner brands, and more.

Keep Reading!

### At Imaxx Energie Solutions Corp.,

we provide seamless access to **Rittal's** full product line—optimized for integration with **Phoenix Contact**, **Siemens**, and **Leipole** technologies. Together, these systems build your industrial backbone.

## Designed for Engineers. Trusted by Industry.

### WHO SHOULD USE RITTAL?

- Plant Engineers & Maintenance Heads
- System Integrators & Control Panel Builders
- Procurement & Facility Managers

Find out more via the website  
[www.ittal.com/com-en](http://www.ittal.com/com-en)

### Industries Served:

- Manufacturing
- Energy & Utilities
- Rail & Transport Infrastructure
- Data Centers & Automation Hubs

EACH RITTAL ENCLOSURE IS A TESTAMENT TO GERMAN ENGINEERING—RIGID, SCALABLE, AND THERMALLY INTELLIGENT.

### Heat Is the Silent Killer of Industrial Equipment

RITTAL COOLING UNITS OFFER A SMART, TARGETED RESPONSE:

- ✓ Active climate control for sensitive electronics
- ✓ Energy-efficient heat management
- ✓ Compliance with global safety standards
- ✓ Configurable for indoor and outdoor deployment

By maintaining ideal operating temperatures, Rittal helps minimize unscheduled downtime and prevent premature component failure—saving resources and safeguarding productivity.

### Stay Ahead of the Heat

Subscribe to our newsletter for engineering insights, technical innovations, and exclusive promos.

Don't let heat win. Equip your systems with Rittal, exclusively distributed by Imaxx Energie Solutions Corp.

## Product Integration & Technical Support

### MAKING WAVES WITH OUR PARTNER BRANDS

Your systems work better together.

Through our exclusive partnership with Phoenix Contact and Siemens, we offer:

- Fully integrated enclosure and control system solutions
- Tailored wiring accessories, relays, and climate modules
- Installation guides and remote support from certified technicians
