## Warm Greetings from Imaxx Energie Solutions Corp.

Welcome to the October edition of our newsletter. We're excited to share the latest accomplishments, updates, and new projects happening at our company.

## PHILIPPINE INSTRUMENTATION AND CONTROL SOCIETY (PICS) NATIONAL CONVENTION 2025: SHOWCASING THE FUTURE

Imaxx Energie Solutions Corp. made a significant impact at the 3-day PICS National Convention, held from **October 22–24, 2025, at The Podium Hall, Ortigas**. We were honored to exhibit alongside leading companies in the industrial automation, electrical, and electronic sectors.

Imaxx seized the opportunity to showcase its cutting-edge product innovations, emphasizing our commitment to sustainable power solutions: a **brighter** and **better future** for the industrial landscape. The event was a resounding success, offering valuable opportunities to connect with industry partners and potential clients about the future of energy management.

Leading this year's Imaxx exhibit booth was our General Manager and Sales Team Head, Ms. Christine S. Pasamanero, alongside Mr. Aldrin J. Domingo of Esperanza Energy Products and Supplies, Inc., who is also the authorized representative of Siemens.

Their presence highlighted the strong partnerships that drive Imaxx's commitment to quality and innovation.

## IMAXX: STRONGER TOGETHER WITH GLOBAL LEADERS

Imaxx Energie Solutions Corp. was proud to demonstrate the power of collaboration, showcasing innovative solutions in partnership with key representatives:

- **Mico Cabrera**, Phoenix Contact Representative,
- **Bien Malipot**, Rittal Representative,
- **Aldrin Domingo**, Siemens Representative

Together with our partners, Imaxx effectively showcased to visitors how top-tier products from Phoenix Contact, Rittal, Siemens, and Leipo can make a significant difference in meeting their most pressing business needs for automation and electrical systems.

**Our participation at PICS 2025 underscored our dedication not only to innovation but to strong partnerships. By combining the strengths of Imaxx, Siemens, Rittal, and Phoenix Contact, we are uniquely positioned to offer unmatched electrical and automation solutions to the Philippine industry.**
